Welcome to Week 9, our second last week of Term 2. Our school has been a hub of activity over the last week with our new school fence being installed, the installation of the fly screen in the canteen and our new soccer goals being set up. We are constantly trying to improve our school to ensure that students are provided with the best learning spaces to support their learning endeavours whilst remaining aesthetically pleasing to all who visit here. As a school we are always open to suggestions on what we can do and/or change to support the needs and wants of our school community.

As winter takes a stronger grip on us all, I would like to remind parents and students that Mullaley Public School has a winter uniform, of which we are immensely proud. Over the last few weeks we have started to see a decline in students wearing the correct winter uniform, with students electing to wear alternative jumpers and jackets to school and omitting other parts of the uniform such as ties. Students who are attending the Canberra school excursion next term will be required to wear full winter school uniform for one of the days.

If students or families are experiencing difficulty in sourcing or purchasing the correct uniform we kindly invite parents/students to come and see us. Our wonderful P&C has a clothing pool which families can access if necessary and there are alternative support options that the school can provide to assist in the provision of uniform.

Just a reminder that next term students will be returning to school on Monday the 22nd of July as we have moved our staff development day to Wednesday 21st of August to align with AGQUIP and allow families the opportunity to visit and support this local event.

Please enjoy your week.
