Welcome to Week 3 Term 4. It is my pleasure to be relieving principal this week for Mr Carter. It is hard to believe that we are approaching the end of the year already.

During the last week all students engaged in learning both in and out of the classroom. Many students have commented about how much they are enjoying Friday sport with Carroll Public School in Gunnedah. It has been great listening to the kids' stories about how they are practicing skills required for swimming, archery and tennis. There have been many happy and sleepy smiles on the bus ride home.

Next week we have some students representing Mullaley Public School at NSWPSA State Athletics. We wish Georgia Rose, Eamon Martin, Chas Jaeger and Charlotte Craig the best of luck when competing in the relay, and additionally high jump and long jump for Charlotte. We are looking forward to watching your events on the NSW School Sport Youtube channel and cheering you on.

Parents are reminded that the school requires a prompt explanation for any absent days students take. Parents can provide this explanation by ringing or emailing the school,

or sending in a note. If your child's absence is not explained, it will be recorded on your child's record as 'unjustified'.

Sound Scouts™  
Hear for your future.

## Free hearing test for schoolchildren.

### An estimated 1 in 10 school children suffer from hearing loss, which left undetected can lead to speech, learning and behavioural problems.

The Sound Scouts hearing check is a simple way to identify if a child has a hearing issue, including listening difficulties in noise. The test incorporates the science of a hearing test in a fun interactive game. Evidence based, accessible and delivering immediate results, it's the perfect screening solution.

The Sound Scouts App is now free to test all Australian school-aged children. Download it today.

### Potential consequences of undetected hearing loss:

- Speech & language issues
- Difficulty reading
- Trouble in social situations
- Increased risk of academic failure
- Disruptive behaviour
- Depression

### Signs of hearing loss in a child:

- Speaks louder than others
- Turns the TV up too loud
- Frequently say 'what' or 'huh'
- Has trouble pronouncing words
- Struggles at school
- Has trouble hearing in noisy places
- Loses focus in noisy places
